MEMORANDUM TO: Chief, FBIS
Attn: Administrative Officer.
SUBJECT: Motor Vehicle Insurance.

1. The Cyprus FBIS Station is now operating two Willys Jeeps and one Ford Sedan in official business in Cyprus. In addition, one weapons carrier and one station wagon will be operated in the future.
2. In accordance with normal Government practice, no public liability insurance is carried on these vehicles. In the event of an accident involving bodily injury or property damage to a third party, it is possible that FBIS might become involved in legal action in the Cyprus courts, even though our driver might not be held liable.
3. In view of the small number of vehicles operated locally, and lack of facilities for handling claims or suits arising from accidents which might involve our vehicles, it is recommended that authority be granted to carry public liability insurance on the FBIS vehicles in Cyprus. The cost of such insurance, providing protection in unlimited amounts, is as follows:

For Sedan	Annual Premium	£8. 8.9d (\$34.00)
Willys Jeep	" "	£7.10.3d (\$30.28)
" "	" "	£7.10.3d (\$30.28)
Weapons Carrier	" "	£12.18.10d (\$52.15)
Station Wagon	" "	£8.14.8d (\$35.20)
